""A large agricultural lot lying at 560 metres above sea level situated at "Gonies" locality about 600 metres west of Kapilio village, Limassol District and about 500 metres from the Limassol - Agios Mamas main road. Gently sloping down to the valley with lovely views it neighbours an existing Commandaria grape varietal vineyard; it is close to a non-asphalted agricultural road and would suit development as a vineyard or for other agricultural purposes. An independent valuation in pdf format (both in Greek and in English) dated May 2024 by a professional licenced valuer is available on request.""...
